

## **CONSULTING SURGEON**

### **UNIQUE LEADERSHIP OPPORTUNITY IN THE JEWEL OF THE GULF - UNITED ARAB EMIRATES.**

Our Firm is conducting a search of to identify a general surgeon to serve as an attending/consulting surgeon in a 350-bed medical center in one of the fastest growing economic centers in the world, United Arab Emirates.

The successful candidate will hold a medical degree from an accredited medical school in the U.S., Canada or Western Europe and be board certified in the U.S. or Canada. The successful candidate will have at least 10 years of post-board certification experience as a general surgeon. An excellent reputation for clinical quality and patient safety is mandatory. Prior faculty or attending experience in a teaching hospital is preferred. Prior experience as an armed forces physician would be helpful.

Reporting to the Chief of Surgery, the consulting surgeon will be responsible for consulting with primary care and resident physicians concerning patient treatment and care. The successful candidate also will work with the non-medical staff team members for professional development (education). The successful candidate will receive a two-year employment contract with an option for renewal.

Our Client, a UAE-owned healthcare outsourcing and logistics firm, is preparing a competitive base compensation plan and a generous package of allowances covering housing, education, 36-days of vacation, 10 days of CME leave, and a minimum of 12 holidays. Healthcare for the physician, spouse and up to three children, is free.

Based in Abu Dhabi, the capital of UAE and the second largest city in the Emirates, the successful candidate can expect a comfortable, westernized lifestyle with access to a wide range of entertainment, sports and cultural venues. The population of Abu Dhabi is about 1.8 million. Nearly 80 percent of the population is comprised of expatriates working in healthcare, construction, education, oil and gas, and transportation industries, to name a few. The expatriates integrate seamlessly into the bustling Abu Dhabi lifestyle.

Working and living in the UAE offers physicians and their families an exceptional, once-in-a-lifetime opportunity for easy access to European and Asian capitals for extended vacations or long weekend family trips.
