

## Director Human Resources

Exceptional career opportunity for the HR manager with a highly competitive salary and benefits package.

We are seeking a confident, self-assured human capital leader with a depth and breadth of knowledge and experience for St. Johns Medical Group a 120-physician practice group associated with the St. John's Regional Medical Center in Joplin, MO. The group has a true devotion to its patients and its staff. There is a strong emotional connection between the physicians, their patients and the hospital staff. The successful candidate must embrace this culture and believe that the physician group can deliver exemplary service and quality care in a safe environment for the patients and their families while looking for processes that are more efficient.

Requirements:

- Bachelors degree in related field
- SPHR or PHR certification
- Demonstrated management and leadership skills in all Human Resources functions and strategies in a physician group or acute care hospital with at least 100 full-time employees
- Good financial planning and budgeting skills
- Excellent written and verbal communication skills and ability to collaborate with various stakeholders
- Ability to establish integrating strategies
- Experience in developing or supporting employee/organizational development programs
- Strong skills in employee relations, recruitment and retention as well as managing issues regarding wages, salary, and benefits
